On evaluating the images:

Please make sure to view the images on the [website](#) carefully prior to a purchase, to better understand the creative approaches behind the individual series or single pictures.

On the website, each image can be enlarged twice, first by using the loupe symbol on the bottom right, and then by clicking on the enlarged image to zoom in further.

Mobile devices or mobile browsers might not support the display of these enlarged images, and some other functions; I suggest to use a computer if available. The images are edited and printed on color calibrated devices; colors and tonality might look slightly different on your own monitor.

To more easily determine the desired print sizes, comparison samples are available for viewing and download on my website [here](#).

My apologies for any inconvenience this might cause; but it is a simple process.

If you are interested in acquiring any of the images, please contact me via email at thomas@thomashannich.com for an estimate.

Please provide the following information:

- Which images would you like to purchase.
- What size would you like the images to be, size A/B/C, or custom.
- In order to get a quote for shipping costs, a shipping address will be needed.

By requesting or receiving an estimate, in no way will you be committed to a binding contract.

Payment, production and shipping:

Payment will need to be made in advance; the prints will be commissioned immediately after the payment has been credited.
Payment options and details will be included in the estimate.

We aim to deliver as soon as possible.

However, in most cases the prints will be ready to ship in less than a week; shipping time depends on the destination.

For deliveries outside the European Union, express shipping will be handled by a professional courier company.
An ETA will be provided with the estimate, along with all the details required to place an order.

Privacy:

Client identities and details will be kept strictly confidential, and only be shared for shipping purposes where needed.
